PROFESSIONAL SUMMARY

Motivated fresher aspiring Software Developer with strong foundational knowledge in Java and Python, solid understanding of Data Structures and Algorithms, and hands-on experience in backend development using Spring Boot, Hibernate, and RESTful APIs. Passionate about building scalable systems, working with databases, and continuously learning modern software development technologies.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, SQL
- **Backend Technologies:** Spring Boot, Spring Data JPA, Hibernate, RESTful APIs
- **Libraries:** Lombok
- **Databases:** MySQL, PostgreSQL
- **Web Technologies:** HTML, CSS
- **Tools:** Maven, GitHub, Postman, Hoppscotch

PROJECTS

E-Commerce Backend Application (Java, Spring Boot, Spring Data JPA, MySQL)

(Oct 2025 - Nov 2025)

- Developed a RESTful backend application using Spring Boot and MVC Architecture with modular services for product, user, and order management.
- Integrated MySQL database to perform efficient CRUD operations, Tested and validated REST API endpoints using Postman.

Employee Management Backend System (Java, Spring Boot, Spring Data JPA, MySQL, Maven)

(Dec 2025 - Dec 2025)

- Developed a Spring Boot-based backend system to manage employee data with RESTful APIs supporting multiple data sources (database and JSON file).
- Implemented layered architecture using controller, service, repository, DTOs, and factory patterns, along with centralized exception handling.
- Integrated MySQL persistence using Spring Data JPA and validated API workflows using Postman.

Microservices-Based Management System (Java, Spring Boot, Spring Data JPA, MySQL, Maven)

(Dec 2025 - Jan 2025)

- Designed and developed a quiz application using a Microservices Architecture, separating quiz, question, and scoring services for better scalability.
- Implemented inter-service communication using RESTful APIs, ensuring seamless data exchange between independent services.
- Integrated database persistence and tested service endpoints using Postman to validate functionality and service interactions.

EXPERIENCE

SplendensLab IT Ventures, Salem

Oct 01, 2024 - Oct 31, 2024

Intern - Frontend Development Trainee

- Gained hands-on experience in frontend development using HTML, CSS and JavaScript.
- Assisted in developing and enhancing responsive web pages based on project requirements.
- Acquired exposure to frontend development workflows, basic project documentation, and Git-based version control.

Global Tech Professionals, UK (Remote)

Jan 15, 2026 - Present

Software Developer Intern

- Working remotely on backend development using Java, Spring Boot, Spring Data JPA, Hibernate, and related frameworks.
- Contributing to the design and implementation of RESTful APIs and database-driven application features.
- Collaborating with team members through Version Control (Git) and documentation to deliver assigned development tasks.

EDUCATION

Erode Sengunthar Engineering College	M.Tech - CSE (Integrated)	CGPA: 9.60*	Nov 2022 - present
Sathya Saai Matriculation Hr. Sec. School	HSC	Percentage: 95	May 2022
Sathya Saai Matriculation Hr. Sec. School	SSLC	Percentage: 99.6	Mar 2020

CERTIFICATIONS

- Basics of MySQL - HackerRank
- Core Java Programming - HackerRank
- Python Programming - Infosys SpringBoard
- Big Data Computing - NPTEL
- Blockchain and its Applications - NPTEL
- Software Project Management - NPTEL
- HTML and CSS - LinkedIn Learning

ACHIEVEMENTS

- Secured 3rd Prize in Codathon at Sri Sai Ranganathan Engineering College.
- Solved 350+ problems on LeetCode and 150+ problems on GeeksforGeeks, strengthening problem-solving and DSA skills.
- Completed assigned frontend tasks with 100% on-time delivery during internship.
